RE: Changes to Parking Charging Arrangements

Following the Council's budget decision meeting in February, I am writing to inform you of changes that have been agreed which relate to your ward and Parish/Town Council area. A range of changes have been agreed for car parks across the district that include amendments to charges, the introduction of charges during periods that have previously been free and changes to parking durations. Car parking charges are generally banded according to the location and the car parks affected in your area are as follows:

Wesley Place, Silsden - 8am to 6pm, Monday to Saturday inclusive (except Christmas Day, Good Friday and Public Holidays). Up to 1 hour – 30p, up to 2 hours – 60p, all day - £1.50

Bridge Street, Silsden - 8am to 6pm, Monday to Saturday inclusive (except Christmas Day, Good Friday and Public Holidays). Up to 1 hour – 30p, up to 2 hours – 60p, all day - £1.50

The Council will shortly be undertaking a formal consultation process and as part of this signs will be put up at the districts car parks with effect from 4th November 2016 and through formal notices of change in the local media.

Consultation on the proposed changes was undertaken prior to the budget decision of Council and the period for this has now closed. However, if there are any points of clarification required in relation to what is proposed, please do not hesitate to contact me at the above address.

Yours sincerely

M Hall
Assistant Parking Services Co-ordinator
